

Alarm Incident Appeals

When the Alarms Division receives a responding police officer's incident report that says the incident was avoidable, the permit holder will receive a notice of a false alarm incident.

The alarm user has **30 days** from the date of notice to file an appeal.

Appeals must be submitted by the Denver Online Permitting and Licensing Center and include a description of the justification. Supporting documentation can be provided on appeal. If no documentation is provided, your appeal is much more likely to be rejected.

Supporting documentation could be:

- additional police reports
- evidence of power outages
- insurance claims
- photographs of damage to the property

If you would like to submit an appeal, log into [Denver's Online Permitting and Licensing Center](#). Click '**Business Licenses**' then '**Apply for a License**'.
